

January 14, 2012

Dear Parents, Guardians and Friends!

My name is William Sawyer, and I will be directing your loved one(s) in this year's NCCT production of "The Music Man".

The production staff and I are thrilled to have such a talented cast, and are truly looking forward to making this a rewarding and memorable experience for everyone involved!

Below are a few things to consider while you help your child through the process.

- **Attendance and rehearsal schedule:**

Please help to ensure your child is aware and on time for rehearsals, by reviewing the rehearsal schedule regularly. It is always a good rule to plan for your child to be fifteen minutes early if at all possible.

- **Conflicts:**

Please let our production manager **Tom Gray** know immediately about any conflicts. We can sometimes make adjustments for lessons, college visits, doctor appointments, etc., but we can't do that unless we know in advance. The last two weeks are critical and we need everybody every day.

- **Volunteers are welcome!**

Whether it's painting sets, helping with props, car pooling or green room monitoring, there is always some way to help out! Putting on a production like this is a huge undertaking, so if you would like to be involved, the enclosed "Pink Sheet" will give you more details on what you can do. Please take some time to look it over and come join the fun!

- **Hydrate hydrate hydrate!**

A simple water container with water and your child's name on it will go a long way to help your teen stay hydrated and keep unwanted germs away. Please ensure that your teen has this at every rehearsal.

If you or your teen has any questions or concerns please feel free to speak to me! Grab me before or after rehearsal, but please not during! Please feel free to call me at 603-276-5585 or email at musicmandirector@gmail.com.

Thank you so much for allowing your loved one to take part in what is sure to be an AMAZNG production!

Sincerely,

WM Sawyer
